CAPTAIN FANTASTIC

Captain Fantastic is proud to be voted the UK's number one children's entertainment company by the trusted review site FreeIndex, with over 500 five star reviews.

Since Captain Fantastic's founding in 2010, we have organised and performed at over 5000 children's events nationwide from small intimate gatherings to huge scale operations. Established and well-known companies such as JP Morgan, LinkedIn, IHG, The BBC, GOSH, Nickelodeon, Pokémon and the Mayfair Arts Club have employed us to orchestrate memorable family-fun days for the children of their staff and clients.

We specialise in organising children's parties for the financial sector, typically firms with 150 plus staff, located in London.

Our considerable understanding of children, sensory play, education and appreciation of fun have ensured a flourishing business that has developed into the success story we see today.

"I was looking for entertainment for my daughter's 9th birthday. Captain Fantastic were absolutely amazing and entertained all our friends and family. They really know how to turn a party into an event."

Laila Rouass & Ronnie O Sullivan
Actress & Snooker Player

Originally, the character of Captain Fantastic was created to be the superhero who saves children from dreadful parties. He has since become our ambassador for child development and the main focal point in all our material; helping to educate and entertain through our books, toys, music, YouTube channel and App.

As a brand we offer the best in entertainment. Every member of the Captain Fantastic team is a young vibrant actor delivering exciting parties, holiday camps, after-school confidence classes, early development-focused toddler groups, theatre shows and large corporate family-fun days.

HOLIDAY CAMP

We know how hard it can be to find new and exciting things to do over the holidays. Children (not to mention parents) can get very restless! Child care is extremely expensive and also very difficult to juggle around a employment. That's why Captain Fantastic has created specialised holiday camps that are jammed packed with educational activities and refreshing ideas to keep all 5-11yr olds not just occupied but completely satisfied over the holiday period.

This is also a great way for schools to earn extra income from unused spaces, by commission or flat fee.

We throw our holiday camps in Easter and Summer separating KS1 and KS2 so the children have activities that are completely focused around their ages groups.

Every day is completely structured and the children follow our routine that has proven hugely successful through many London Boroughs. Every member of the Captain Fantastic team is a vibrant and energetic actor who entertains and teaches workshops and games throughout the week. Specialising in confidence building through drama games, arts and craft, science, magic tricks and of each day ends with one of Captain Fantastic's unique party shows.

CONFIDENCE CLUB

Aimed at KS1 children with the aim to develop their personal, social and emotional skills in order to improve their confidence and resilience, all whilst having fun.

Our sessions are all 1 hour long and shaped by the government's national guidance on child learning and development. Each class involve themed activities and stories linked to personal progress mixed with games and movement in groups. The children are taken on a journey learning together as they help Captain Fantastic with the many challenges of life. We cover the following:

- Self Confidence and Self Esteem – building a sense of their own value and the value of other people.
- Making Relationships – Developing good relationships and learning to work together in a positive way.
- Behaviour and Self Control – learning about right and wrong and “why”, and how their actions can impact others.
- Self-Care – Developing independence and knowing who can help and support you
- Sense of Community – Respecting your own needs, views and culture whilst learning to appreciate the differences and similarities of others.

INSIDE OUR PARTIES

OUR PARTY PACKAGES

There is nothing quite like a well-earned treat to say well done to your pupils or a memorable send off as they go into the next year like a Captain Fantastic Party. As a team of young performers we deliver the most current trends and the best in entertainment with specific school packages for KS1 & KS2 that include Discos or Magic Shows.

Absolutely ideal for:
Easter / Summer Graduation / Halloween / Christmas

To top it all off - we offer a discounted rate for schools... And even a FREE party as an introduction!

FOUNDERS

Tommy Balaam

As a child, I was terribly shy but my parents gently encouraged me to become involved with drama. Slowly my confidence grew and I luckily gained entrance into one of London's most prestigious drama schools. It was from here I was fortunate enough to develop the skills that have created my performance-based career. I established Captain Fantastic as I consider children to be the best audience; they're incredibly honest, full of energy and I gain great joy by the end of a party from transforming shy kids at the beginning, into happy mini pop stars, singing in front of everyone!

Ricky Fox

At school I was branded the 'class clown'. I loved staging shows and plays, which would guarantee large audiences. I went to the BRIT School, one of the most established colleges in Britain, where I honed my skills and trained alongside Adele and Jessie J. I then attended East 15 Acting School and achieved my degree in acting, also meeting Tommy. Together we realised a mutual passion for creativity, entertainment and bringing joy to children. We genuinely consider wellbeing and happiness to be the keys to a brilliant childhood.

OUR VISION IS TO SPREAD LAUGHTER AND FUN THROUGH ENTERTAINMENT, FOR EVERYONE TO ENJOY, NOT JUST CHILDREN. WE ARE COMMITTED TO UNITING PEOPLE AND PROVIDING THEM AN OPPORTUNITY TO CHERISH THE INFREQUENT MOMENTS OF REAL CONNECTION WITH THE ONES THEY LOVE MOST.
